November 25, 2019

We had the pleasure of working with Heath Kelly Construction on a complete renovation of our Pensacola Beach rental home. Heath had a very tight deadline, as a wedding was booked at the house at the end of the renovation period. We continued to find hidden problems, adding more work to the project, yet Heath's team worked around the clock to meet our deadline. We had a complete overhaul – windows, exterior doors, exterior paint, new roof, 6 new bathrooms, a new kitchen, new flooring, new AC, all new furniture and decor and more – yet the job was completed in 3 months and the wedding went on as scheduled. We could not be more pleased with their dedication and effort to finish a quality job on schedule. We will use Heath Kelly Construction on our next full house renovation.
